Earth Day 2015!

Anime Anonymous

Anime Anonymous Club presents the Movie:

Spirited Away
Directed by Hayao Miyazaki

Who is Hayao Miyazaki
And
What is Studio Ghibli?

Hayao Miyazaki

- Born January 5, 1941
- Is an animator, author, screenwriter, producer, director, and manga artist
- Helped found Studio Ghibli in 1985
- Often incorporates themes and lessons of Social & Environmental Sustainability into his works.
 - ❑ Explores the relationship between humans & nature
 - ❑ Reflects on important social issues

Studio Ghibli

- Founded in 1985 by Hayao Miyazaki and Isao Takahata
- First film under this studio was Castle In The Sky (Laputa) in 1986
- Latest film was When Marnie Was There (2014)
- Announced a hiatus in August 2014 following Miyazaki's retirement

Spirited Away

- One of Studio Ghibli's most successful films
- Won over 52 awards and had 22 nominations including an Oscar for Best Animated Feature (2003)
- Was animated without a clear script in mind

Social & Environmental Themes in Spirited Away

Loss of Identity

- Workers at the Bathhouse are assigned one dimensional jobs
- Once they forget their names and are given a new name, they are owned by Yubaba

Greed and Selfishness

- Workers fight over “No Face”, a demon who seems to be able to produce gold at will
- Once things go awry, the workers frantically try to save themselves

Over Consumption

- Even though No Face has all the gold and attention of the bathhouse staff, he is still lonely
- He also has all the food he could want, but is never really satisfied

* In the Fall the Green Group Club hosts the Oxfam **Hunger Banquet** which raises trans-disciplinary awareness of the Global Issues around Food and Food Production.

Human Impact on Nature

Pollution if Bad!

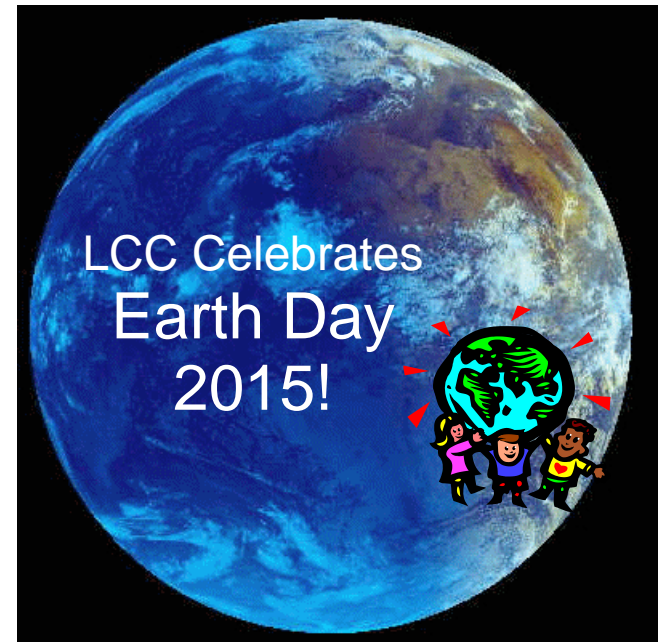

- Looks are not always what they seem. Something beautiful can be destroyed via littering and improper disposals.
- The Stink Spirit who visits the bathhouse and is dejected by the staff and waited on by Chihiro.
- The Stink Spirit is really a River God who is covered in filth and even has a bike lodged in it..

Sustainability

- ❖ Looks at the **interconnectedness** of **Human Beings and Nature**.
- ❖ Seeks to balance: **People**
Planet
Prosperity

It is gained by building human cultures that make decisions that insure positive, long-term success for all.
