An open computer lab is located at the main campus Library. The Lakeland Library is located in C-3051. The open lab in the Library is open to current Lakeland and University partner students for the purpose of doing class-related work. The lab provides students with access to the Internet, Library services and a variety of software applications. Check with the Library staff in C-3051 regarding usage rules and classes that may have reserved lab time for special projects or instruction sessions.
