

The Lakeland Foundation

Faculty Challenge Grant Application

The Faculty Challenge Grant Program encourages and supports innovative and creative activities for improvement of instruction, learning and professional development. The Lakeland Foundation's grants may provide resources for the development, provision of and access to innovative programs within the projects described in the Foundation's first major gift campaign case for giving and outside the scope of the college's operating budget.

The Faculty Challenge Grant Program has been established to facilitate individual professional development that contributes to the needs of the institution. Group projects involving more than one faculty member may also be submitted. The program has four main objectives:

-
1. Improved Teaching Effectiveness. Leading to increased student learning.
 2. Individual Professional Development. Providing an opportunity for faculty to enhance effectiveness in their subject specialty.
 3. Improved Program Quality. Contributing to improving program vitality.
 4. Improved Institutional Effectiveness. Enhancing Lakeland's ability to meet the needs of its diverse student population.

Proposals for innovative teaching methods, special resource materials, and computing will be considered. Funds may be spent on travel, materials, equipment, or other resources.

The Lakeland Foundation **may not fund** release time for faculty or tuition and fees associated with a certification for faculty/staff.

This form can be found on drive G:/Development/Project Review Application Form (Word Document).

Instructions:

Provide the following information on the proposed program/project to the Lakeland Foundation. The application must be completed in full in order to be considered. Decisions by the committee are made by the end of November and March each year. Thank you.
