What would have happened if…
On a quiet farm in America’s heartland, an Italian war bride becomes an average Iowa housewife. That is, until a National Geographic photographer, who is seeking directions to the area’s historic covered bridges, knocks on her door. As she helps him find the locations for the photo shoots, an unexpected, yet powerful connection grows. And so begins a sweeping romance that makes us question the roads we travel, the doors we open and the bridges we dare to cross.

Be swept away...
