PROGRAM GUIDE

Applied Studies Division

Industrial Welding

- Associate of Applied Science Degree in Industrial Welding
- Industrial Welding Certificates

 Opportunity
starts **HERE**
lakelandcc.edu

Industrial Welding

The Associate of Applied Science (AAS) Degree in Industrial Welding is designed to prepare students for immediate employment in the manufacturing, construction and energy industries, as well as in the public sector. The range and depth of program courses prepare students to be job-ready for employment in positions including: fabrication, welding, soldering and brazing, as well as in sales, inspection, repair, supervision and management. The basic technical welding courses may be taken at Lakeland or by successfully completing the 15-week comprehensive welding program at Lincoln Electric (lincolnelectric.com) through Lakeland's partnership with Lincoln Electric. The American Welding Society Certification of Qualification exam is embedded in the advanced welding courses. Successful completion of these exams results in the issuance of a portable industry recognized credential. The Manufacturing Institute, an affiliate of the National Association of Manufacturers, has designated Lakeland Community College as an M Status school as the industrial welding program aligns with industry-recognized standards. Students successfully completing Lakeland's AAS Degree in Industrial Welding will be well positioned to advance their studies in a bachelor of science in industrial welding program.

Career Opportunities

Students completing the degree will be prepared for employment in a wide range of welding processes including: SMAW (stick), GTAW (TIG), GMAW (MIG), FCAW (flux cored) and pipe welding. They will also be prepared to plasma cut, gouge and solder in addition to being well versed in welding inspection and welding economics. Students at Lakeland not only earn a degree, but also take national certification exams (American Welding Society, American Society of Mechanical Engineers and American Petroleum Institute) that many employers require.

Job Outlook

The state of Ohio has the third largest manufacturing capabilities in the country. According to the U.S. Bureau of Labor Statistics, employment in the welding industry is expected to grow nationally 6 percent through 2026. The defense industry and the nation's aging infrastructure are expected to drive growth in the field. The program at Lakeland was developed in collaboration with area employers and, in part, because of the current demand and the growing concern over impending baby boomer retirements expected in the coming years. This is expected to result in an even greater shortage of qualified welders throughout the many industries that rely on professional, skilled welders.

Lakeland's Program

Lakeland offers stackable academic credentials which build to an Associate of Applied Science (AAS) Degree in Industrial Welding. The individual academic certificates in six specialties (two - six credits each) build to the Industrial Welding I Certificate (21 credits) which builds to the Industrial Welding II Certificate (37 - 43 credits), the former representing basic welding in the flat and horizontal positions while the latter represents advanced welding in the upright and overhead positions. Those certificates all build to the AAS in Industrial Welding (66 credits). Specialties include thermal cutting, gouging, brazing and soldering, SMAW, GTAW, GMAW, FCAW and pipe welding. Learning is

achieved through understanding welding theory and through the development of technical skills, soft skills and project-based learning which afford students the opportunity to become skilled in real world applications.

Students have the option of taking the five required basic technical courses on Lakeland's campus or through the 15-week comprehensive welding program offered at Lincoln Electric (lincolnelectric.com). Those opting for the Lincoln Electric program are required to take WELD 1030 and WELD 1040 on Lakeland's campus. The remainder of the AAS degree program is available on campus, online and/or through credit by certification. Students with training, experience and holding welding certifications may be considered for credit by certification by completing the appropriate paperwork online at fastpathohio.org.

For all options, students may transfer their credits to colleges and universities to further their education.

NOTE: *Equipment required on the first day of technical welding classes: long pants; welding helmet (shade #10 or above); safety glasses; work gloves; welding jacket; leather work boots, preferably steel toe; 8" crescent wrench; soapstone and holder; tape measure; combination square, chipping hammer, wire brush, tool bag, center punch and 12 oz. ball peen hammer, and 4 1/2" grinder is optional.*

Lakeland Community College

For admission into Lakeland, students must be a high school graduate or have obtained a high school diploma equivalency. Please consult Lakeland Community College's Enrollment Guide (available on Lakeland's website at lakelandcc.edu/enrollment) for specific admissions requirements and procedures.

Industrial Welding (9414)

First Semester

FYEX 1000	First Year Experience	1
CIVT 2025	Safety in Construction	2
OR		
OSHA 30-Hour General Industry Outreach Training		
OR		
OSHA 30-Hour Construction Industry Outreach Training		
WELD 1030	Arc Welding Fundamentals	3
WELD 1040	Introduction to Metal Fabrication and Mechanized Welding	3
WELD 1300	Thermal Cutting, Gouging, Brazing, and Soldering	2
WELD 1320	Basic SMAW (Stick) Welding	2
WELD 1340	Basic FCAW (Flux Cored) and GMAW (MIG/MAG) Welding	3 ¹
		Credit Hours 16

Second Semester

BUSM 1300	Introduction to Business	3
WELD 1330	Basic GTAW (TIG) Welding	3
WELD 1370	Basic Pipe Welding	3
Select course(s) from the Welding Electives list		6
		Credit Hours 15

Summer

COMM 1000	Effective Public Speaking	
or		
COMM 1100	Effective Interpersonal Communications	3
ENGL 1110	English Composition I (A) ²	
or		
ENGL 1111	English Composition I (B)	3
		Credit Hours 6

Third Semester

MATH 1080	Introduction to Technical Mathematics	4
Select course(s) from the Welding Electives list		10
		Credit Hours 14

Fourth Semester

BUSM 1330	Business Ethics	3
BUSM 2000	Principles of Management	3
PHYS 1550	Everyday Physics	3
PSYC 1500	Introduction to Psychology	3
Select course(s) from the Arts and Humanities Electives list		3
		Credit Hours 15
		Total Credit Hours 66

¹ In addition to the supplies listed in the course description, this course also requires welders or MIG pliers as part of the required supplies.

² English course selection is based on placement test results (ENGL 1111 English Composition I (B) is 4 credits, only 3 credits apply to the degree).

 This course is designated as a technical course in the program. Students must earn a "C" grade or higher in the course to fulfill the college's graduation requirements policy.

Technical Electives

WELD 2320	Advanced SMAW (Stick) Welding	2
WELD 2330	Advanced GTAW (TIG) Welding	3
WELD 2340	Advanced FCAW (Flux Cored) Welding 1	3
WELD 2350	Advanced GMAW (MIG/MAG) Welding 1	3
WELD 2370	Advanced Pipe Welding	3
WELD 2380	GTAW (TIG) Pipe Welding Application	3
WELD 2400	Welding Inspection	3
WELD 2410	Welding Economics	2

Arts and Humanities Electives

ARTS 1120	Art Appreciation	3
ARTS 2220	Survey of Art I	3
ARTS 2230	Survey of Art II	3
ENGL 2250	Survey of American Literature I	3
ENGL 2260	Survey of American Literature II	3
ENGL 2280	Survey of British Literature I	3
ENGL 2290	Survey of British Literature II	3

MUSC 2200	Music History and Literature I	3
MUSC 2250	Music History and Literature II	3
PHIL 1500	Introduction to Philosophy	3
PHIL 2000	Comparative Religion	3
PHOT 1000	History of Photography	3

Lakeland Community College provides additional training opportunities to meet the needs of local manufacturers. Students can earn a certificate or an Associate of Applied Science degree in computer integrated manufacturing through an initiative with the Alliance for Working Together Consortium (AWT), that aligns with the National Association of Manufacturers industry standards and skills certificate program. For more information, visit lakelandcc.edu/AWT.

aligns with the National Association of Manufacturers industry standards and skills certificate program. For more information, visit lakelandcc.edu/AWT.

Through a partnership with global steel giant ArcelorMittal, Lakeland students can earn an Associate of Applied Science degree in electronic engineering technology or in computer integrated manufacturing that provides the technological background needed to advance in this lucrative field.

To learn more, visit lakelandcc.edu/steel or ArcelorMittal's steelworkerforthefuture.com website.

SMAW (Stick) Welding Certificate (4326)

Note: No prior welding experience is necessary for this course.

WELD 1320.....Basic SMAW (Stick) Welding.....	2
WELD 2320.....Advanced SMAW (Stick) Welding.....	2
Total Credit Hours	4

GTAW (TIG) Welding Certificate (4330)

Note: No prior welding experience is necessary for this course.

WELD 1330.....Basic GTAW (TIG) Welding.....	3
WELD 2330.....Advanced GTAW (TIG) Welding.....	3
Total Credit Hours	6

Pipe Welding Certificate (4331)

Note: WELD 1370 Basic Pipe Welding has a prerequisite of WELD 1030 Arc Welding Fundamentals and WELD 1320 Basic SMAW (Stick) Welding or permission of instructor. Students may need to take an additional course if they do not already meet this prerequisite requirement.

WELD 1370.....Basic Pipe Welding.....	3
WELD 2370.....Advanced Pipe Welding.....	3
Total Credit Hours	6

FCAW (Flux Cored) Welding Certificate (4333)

Note: No prior welding experience is necessary for this course.

WELD 1340.....Basic FCAW (Flux Cored) and GMAW (MIG/MAG) Welding ¹	3
WELD 2340.....Advanced FCAW (Flux Cored) Welding ¹	3
Total Credit Hours	6

¹ In addition to the supplies listed in the course description, this course also requires welders or MIG pliers as part of the required supplies.

GMAW (MIG/MAG) Welding Certificate (4334)

Note: No prior welding experience is necessary for this course.

WELD 1340.....Basic FCAW (Flux Cored) and GMAW (MIG/MAG) Welding ¹	3
WELD 2350.....Advanced GMAW (MIG/MAG) Welding ¹	3
Total Credit Hours	6

¹ In addition to the supplies listed in the course description, this course also requires welders or MIG pliers as part of the required supplies.

Thermal Cutting, Gouging, Brazing, and Soldering Certificate (4335)

Note: No prior welding experience is necessary for this course.

WELD 1300.....Thermal Cutting, Gouging, Brazing, and Soldering.....	2
Total Credit Hours	2

Industrial Welding I Certificate (4336)

This certificate introduces students to basic technical skills in industrial welding, as well as theory and safety. Successful completion of these courses will prepare students to gain entry into positions including fabrication, welding, soldering, and brazing.

Comprehensive Lincoln Electric Welding Program

OR the following five courses:

WELD 1300.....Thermal Cutting, Gouging, Brazing, and Soldering.....	2
WELD 1320.....Basic SMAW (Stick) Welding.....	2
WELD 1330.....Basic GTAW (TIG) Welding.....	3
WELD 1340.....Basic FCAW (Flux Cored) and GMAW (MIG/MAG) Welding ¹	3
WELD 1370.....Basic Pipe Welding.....	3
Total	13

WELD 1030.....Arc Welding Fundamentals.....	3
WELD 1040.....Introduction to Metal Fabrication and Mechanized Welding.....	3
CIVT 2025.....Safety in Construction.....	2

OR

OSHA 30-Hour General Industry Outreach Training

OR

OSHA 30-Hour Construction Industry Outreach Training

Total 8
Certificate Total 21

¹ In addition to the supplies listed in the course description, this course also requires welders or MIG pliers as part of the required supplies.

Industrial Welding II Certificate (4337)

This certificate provides students instruction in comprehensive technical skills that will prepare them for employment in positions including: fabrication, welding, soldering, and brazing, as well as sales, inspection and repair within the welding industry. The advanced welding courses embed the American Welding Society's Certification of Qualification exam that, upon successful completion, will result in the issuance of an industry recognized credential, which is portable.

Completion of the Industrial Welding I Certificate.....	21
Six of the following courses are required:	
WELD 2320.....Advanced SMAW (Stick) Welding.....	2
WELD 2330.....Advanced GTAW (TIG) Welding.....	3
WELD 2340.....Advanced FCAW (Flux Cored) Welding ¹	3
WELD 2350.....Advanced GMAW (MIG/MAG) Welding ¹	3
WELD 2370.....Advanced Pipe Welding.....	3
WELD 2380.....GTAW (TIG) Pipe Welding Application.....	3
WELD 2400.....Welding Inspection.....	3
WELD 2410.....Welding Economics.....	2

Certificate Total 37-43

¹ In addition to the supplies listed in the course description, this course also requires welders or MIG pliers as part of the required supplies.

Curriculum and program requirements are subject to change. Find the most up-to-date information in the college catalog, available on the website at lakelandcc.edu.

Quality Education

Lakeland prepares you for a high-demand career or for transfer to a four-year college or university. Professors at Lakeland are experts in their fields with real-world experience. Small class sizes allow for personalized attention.

Affordable Tuition

Save thousands on your college education. Lakeland's tuition is about one-third the cost of most four-year schools. Financial assistance is available, including federal and state grants, scholarships, loans, and work study employment.

Convenience

Lakeland offers convenient day, evening and weekend class times, and a growing number of online courses. The main campus in Kirtland is only 20 miles northeast of Cleveland. Classes are also offered in Madison.

Focus on Students

Lakeland offers a variety of student services to help you succeed, such as counseling, tutoring, wireless computer labs, career services, free parking, and affordable child care.

Accreditation

Lakeland Community College is accredited through the Higher Learning Commission (HLC) and participates in the Academic Quality Improvement Program (AQIP). The Higher Learning Commission, 230 South LaSalle Street, Suite 7-500, Chicago, IL 60604-1413, phone: 800.621.7440, hlcommission.org.
