SkillsMAX CENTER

"Hire Smart/Train Smart"

BENEFITS FOR EMPLOYERS:

- **Accelerate the Hiring Process** – Compare skills of applicants to top performers in your organization.
- **Decrease Time-to-Productivity For New Hires** – Reduce time and costs associated with developing a new employee with decision support documentation.
- **Reduce Training Costs** – Pre-training skills assessments identify those who do not need training in a particular skill, saving time and money.
- **Increase Employee Participation in Training** – Improve training participation with accurate placement of employees with a clear picture of their skills.
- **Measure and Improve Training Effectiveness** – Administering pre-and post-training skills assessments can create an objective “before and after” picture of training program effectiveness.
