

Men's Gateway to College Project

*Are you 22 years or older?
Never been to college, but think you would like to try?
Or, tried college, and would like to give it another try?*

The Men's Gateway College Project offers two types of assistance:

OPTION 1: Allows you to start out slowly by taking a free* college class while receiving ongoing support from the Men's Center to assist the student in achieving a successful first semester.

OPTION 2: Designed for those returning to college after a long hiatus and wishing to take more than one class. Gateway will guide you through the admissions, financial aid, and registration process and provide guidance throughout the semester.

LADDERS
to LAKELAND

OPTION 1 - Participants may select their free* college class from a list of classes such as:

Skills for College Success	Everything you need to know about succeeding in college
Essential Skills for Algebra	For those who need a Math refresher
Introduction to Personal Computers	The fundamentals of using operating system and productivity software
Introduction to Health Careers	Acquire an overview of Jobs in the medical field; understand how to manage Lakeland's admission, financial aid, and college systems.
Fundamentals of Interpersonal Communication	Learn the fundamentals in becoming a better communicator and become prepared to cope with everyday problems in face-to-face communication involving family friends, co-workers and fellow students.
Computer Skill Development	This course emphasizes the beginning use of computer fundamentals such as; computer operations, creating a simple document, and basic Internet and e-mail usage.

*Class cost will be covered through financial aid resources. NOTE: Some classes may have prerequisites that need to be met before student may register.
