Health and social service providers and advocates, public policy directors, funders, county employees, and public officials have a stake in the stability of services for vulnerable families and individuals. Join us and take a look back at the SFY 2010-2011 budget and identify systems that are most under stress as a result of decisions made during the process. Presentations will cover strategies for maintaining human service and education spending in a recession, the effects of the 2005 tax changes on state revenues, and challenges for the SFY 2012-2013 state budget. Presenters will identify the tough decisions facing Ohio decision makers and explain how your organization can become more effective in the advocacy process. Participants also will be given training in strategic advocacy to affect these decisions.

The workshop is FREE. Registration is required. To register, please contact Eboney Williams at ewilliams@CommunitySolutions.com. Questions? Contact David Howard at 216-781-2944 x406 or dhoward@CommunitySolutions.com.
